

## PSV Compliant Fire Extinguisher (AFFF Foam)

These AFFF (Aqueous Film Forming Foam) fire extinguishers are suitable for use in your minibus or other vehicle and are fully compliant with construction regulations.

If you have a minibus fire did you know that you cannot use:-

- A Halon extinguisher? As these contain greenhouse gases.
- A powder extinguisher? As these cause breathing difficulties in confined spaces.

AFFF extinguishers cover the fire with the foam and keep out the oxygen without which the fire cannot continue. These AFFF fire extinguishers; like any other fire extinguishers, need regular inspection and maintenance to ensure that they will function as expected when there is a use for it in putting out a fire.

The CTA can supply the following AFFF fire extinguishers

Description	Code	Price (inc VAT & P&P)
AFFF Fire extinguisher 1ltr	CTA (AFFF1)	£34.75
AFFF Fire Extinguisher 2ltr	CTA (AFFF2)	£39.50

**CTA Members Discount 15%**
